**Risk Notice of American Environmental Energy, Inc.**

Dear Shareholders and Investors:

We made significant efforts over the last months to produce the needed financial reports of American Environmental Energy, Inc. (symbol: AEEI) but have been unable to do so due to a deficiency of the financial information from 2003-2017. Therefore, AEEI is unable to provide the necessary filings with the SEC by September 28, 2021, as required by the amended Securities and Exchange Commission (“SEC”) Rule 15c2-11. To date, we have not received an official notice from the OTC Markets nor from SEC but expect something in the near future. When we receive the formal notice from OTC Markets, it will be posted immediately on the company’s website, [www.laeei.com](http://www.laeei.com).

We are requesting assistance from any historical shareholders of AEEI for documentation related to AEEI including but not limited to the stock issuance, financial statements, tax returns, HR, assets, liabilities, shareholder’s equity, lawsuits, contact information, business relationships, and all kinds of proofs of the company’s business activities and data from 2003 to 2017. If any of that information can be provided, please send them to [info@laeei.cm](mailto:info@laeei.cm).

Thank you for your invaluable comments, advice, and understanding in advance.
